The Perfect Language Learner

Every language student wants to know the secret of making the most progress in the shortest time.

What does the perfect learner do to excel in acquiring a foreign language?

English School in Central London

1: Learn every day

Even when you are really tired, do some learning, even if it's only 5-10 mins. Never miss a chance to increase your knowledge. Use it, or lose it! Practice makes perfect.

2: Be motivated

What is your goal? Always think about your objective. You are learning because you want to achieve something. When you get there your life will be better. Always remember that, even when it's tough.

Success in remembering new vocabulary

Vocabulary book	86%
Mobile phone	74%
Flashcards	67%
No written record	21%

3: Record new vocabulary

To really learn a new word, you have to remind yourself of it 6 times over hours, days and weeks. Write down all your new vocab in a little book that you can always carry around with you. Or keep a record in your mobile - you always have it with you, don't you?

4: Read, read & read!

Read (in the foreign language) things that you like, not boring stuff. Notice new grammar patterns and important vocabulary. The more you read, the quicker you progress - it's as simple as that.

5: Be brave

Don't worry about small mistakes! No-one minds! When you learn new vocab or grammar, use it as soon as possible. If you are not 100% accurate, someone will correct you. Challenge yourself! Go for it!

6: Use technology

Listen to podcasts of native speakers
Do online tests checking your level & knowledge
Read the news in your target language
Watch videos in the target language
Comment on articles & interact with blog authors
Record yourself speaking with free audio software
Make your own flashcards with online flashcard generators
Play games in the target language
Keep a permanent record of your new vocab in GoogleDrive
